*Thursday, 29 April 2025*

*18:00 - 20:00, L3, Sofou Bldg*

## Modern development environment with Docker

Mr. Leonard Shtika

Chief Technology Officer at Tessera Multimedia,  
Lecturer at CITY College, University of York Europe Campus

This seminar will provide participants with the knowledge and practical skills to integrate Docker into their development workflow. By leveraging Docker, developers can ensure faster project delivery and consistent application performance across different stages of the software development lifecycle. Through real-world examples and hands-on demonstrations, attendees will gain valuable insights into optimizing development speed and efficiency with Docker.

- Participation is compulsory for Level 3 CS students
- Upon completion of the seminar series, certificates will be provided to attendees
