

GUEST LECTURE

From Raw Data to Wisdom: Digital Transformation in the Human Resources field in Greece

Tuesday, 20 May 2025

12:00pm | Auditorium

Guest Speaker

Mr Miltos Vafiadis

Principal Solutions Architect at EPSILON NET

Description

In an era of rapid technological advancements, digital transformation is reshaping Human Resources (HR) practices in Greece. This shift enhances efficiency, improves employee experience and fosters data-driven HR strategies. However, challenges such as digital skills gaps, regulatory compliance and cultural resistance remain key obstacles.

In the context of the **Digital Transformation** module

Module leader: **Dr Elina Ketikidi Gerakis**
